

# FENCING

## AGE GROUP(S)

12 - 16 years of age (as of December 31, 2017)

Year of Birth: 2001-2005

## ZONE TEAM COMPOSITION

The maximum team size shall be:

6 competitors per zone (# of females 3 # of males 3)

2 coaches or chaperones per zone (# of females 1 # of males 1)

## FILL POLICY

A sport fill policy will be in effect whereby any fill athletes must be of a comparable level of ability, be fully eligible, and have participated in a zone playoff :

### Team

1. In the event that a zone does not have any competitors, the first opportunity to replace that zone team will be given to the host zone, if they can provide a second full team of eligible competitors.
2. The second opportunity to replace that team will be given to the zone with the greatest number of participants (not in individual events, but participants in total) in a zone playoff that can provide a full team of eligible competitors.
3. Should no zone be able to field a second full team of competitors, the host zone will provide the bulk of competitors, and the individual fill policy will take effect for the individual positions left unfilled.
4. The filled team will be considered a second team from the zone from which the majority of the competitors reside.

### Individual

1. The first opportunity to fill is provided to the host zone.
2. The second opportunity to fill an individual spot will be given to the zone with the greatest number of participants (not in individual events, but participants in total) in a zone playoff.
3. Selections for subsequent vacancies will be made from the remaining zones until all 8 zones have been considered for that round.
4. If individual vacancies still remain, repeat #2 and #3.

Distribute places in inverse order from the team's placing at the last Alberta Winter Games according to the principle of making the weakest teams as strong as possible: The highest ranked fill zone fencer to be placed as fill on the weakest team (based on the previous Alberta Winter Games results) that requires a fill, the next highest fill to the next weakest team and so on.

- The ranking used will be the ranking published following the last zone qualification tournament that has been completed.

- Should a tie occur, the zone playoffs results will determine the selected athlete.
- In the case of the withdrawal of an athlete from the Games after the zone teams have been announced, the individual fill policy will be used to fill the vacated position.
- Should the vacancy occur on a team filled by the team fill policy, and that zone is not able to provide a new fill athlete, only the vacancy will be filled and all other athletes will remain the same.
- All zones are required to register athletes for the Zone playoffs on the website identified by the Alberta Fencing Association. This is required even if a fee is not charged, and will allow for proper application of the fill policy.
- All zones are required to submit their playoff results to the Alberta Fencing Association by December 2, 2017 in order to allow for the proper application of the fill policy.
- Individual fill athletes compete in both the team and the individual event for the Zone
- they are filling on, regardless of their home Zone.
- In the case of the team fill policy being applied, any individual fills on a filled team will compete for the Zone from which the bulk of the competitors reside.

The AFA must submit fills for approval to the Alberta Sport Connection by **December 11, 2017**.
