Financial Committee Report

On November 5th, I contacted Taras regarding the AFA Finances. Our current status of the AFA books are in good order and up to date.

2018/2019 Profit & Loss Budget vs. Actual

Our actual income through 2019 was better than expected, but this was due to equipment sales, a higher than expected membership for the year, and more ASC Funding then budgeted for. Our casinos are budgeted to allow for the amount of a casino to be divided amongst the time between casinos.

Due to changes in how our Summer camps were being run our budgeting for the Camp fees and Camp Expenses were vastly changed and due to a number of transactions not being completed until past our year end date, we will see more of the numbers on the 2019/2020 statement.

2019/2020 Budget

Due to changes in provincial government the ASC is no longer and is being brought internally into the Alberta Culture, Multiculturalism and Status of Women. The ACMaSoW will now be managing the programs previously managed by the ASC. Our funding could be cut upwards of 25% but we have not received any further information. Our budgeted grant will continue at the amount that was determined for last year.

Recommendations:

I would recommend to the board that the committees become more efficient and have a purpose for the 2019/2020 year. This is due to us needing to make full use of the funding that is available, especially in regards to equipment maintenance, and marketing & promotion.

Furthermore I would recommend that the board look further into the results of the changes to the AFA summer camps and look to previous outcomes to determine what would be best for our 2020 Summer Camp. However, it is important that the AFA continue to look for other income sources outside of our main grant funding.

Marketing Committee Report

I don't have much to report other than saying that through the Sport Hub of The City of Calgary and the Calgary Board Of Education having met with Stuart Rose- City of Calgary Sport Consultant/Hub Manager-last Friday. Also in attendance was myself Denis, Jeremy Hill, Zac Morris and Taras Feculak. I will allow Taras to educate the board members on the content of that meeting and how we are moving forward with FencingCalgary.com, the Calgary Community Fencing Association (CCFA), Priori Epee Fencing Club and Gladiators Fencing Club. The CCFA is currently operating in 6 communities with 50 fencers of ages 7-15 and with new members joining in daily.

We will also be having after school programs staying in the new year. Our sport has finally been removed from the list of being a "prohibited sport on school properties". BIG WIN ! It only took 3 decades and 3 years of intense work. We now need to train and certify coaches. Some of them are already coaching/teaching and doing a fantastic job with pay. We will also need more equipment as theses programs grow and IT WILL. We hope the CCFA as a model will be influencing other jurisdictions in the future such as Edmonton and other cities.

Veterans Committee Report

If evaluated on the grounds of participation in Alberta competitions, the participation in Veterans events is stable manifesting the “usual” pattern of Epee being the best attended event while Sabre the worst (and more frequently cancelled than running). In terms of gender - in Epee both genders are nearly equally present, while in Foil and Sabre men fencers prevails in numbers. In terms of age - majority of veteran fencers are in the 40+ category (which makes them qualify for CFF ranking), yet still there is a number of younger fencers (30-39), which makes paramount to still maintain in Alberta the lower 30+ limit for veterans. In terms of geography and even club level - there are “pockets” of “dedicated veteran fencers” in Edmonton (epee and sabre - WRFC; foil - EFC), Calgary (Gladiator, FAC, EPIC, ARES, Priori - epee & foil), and Red Deer (epee). Such “pockets” are essentially the core of veteran events. Traditionally, the Edmonton Veteran Cup is the best attended multi-weapon veterans event in Alberta, and probably in Western Canada too (apart from regional/national events).
